[lol you idiots are really considering bringing guns to D.C.? That might be the dumbest shit you could possibly ever do. You will be arrested, labelled a domestic terrorist, and sent to prison, possibly forever. Do you a little reading about D.C. laws.](#) NSFCUCKS

If you do this, expect false flags, and also idiots doing idiot things. Kiss our chances of winning this election good bye, and say goodbye to any future you've had to look forward to. Don't expect Trump, the FBI, or police to help you. InB4 "lol okay faggot" comments, smarten up pedes, seriously.

Constitution is real or it isn't. If we are not a nation of laws that follows every word of the constitution then it is already over.

I'm just thinking that if we were a nation of laws, and we followed those laws, we wouldn't need to go to DC on Jan 6th.

Can confirm this is 100% correct.

There are going to be 500+ Congress People in the building and a huge and to them possibly dangerous crowd outside.

Don't be surprised if there are snipers on the roof of that building.

Any idiot acting crazy and waving a gun around is going to be noticed. Running towards the building like you are going to bust the doors down might get a response from them and they won't miss.

My guess is Congress will decide not to be there that day and will vote remotely. Expect a massive Covid push to shut down DC and Congress completely by then

Yeah. It is just a rally, not a battlefield. DC is not the place to do this. Besides, the mayor will order the police to shoot your asses. Those cops hate you. They will not use tear gas.

That doesn't mean you should not be ready to fight, Prepare yourself for a street fight.

Those cops could, and should be out numbered 1000 to 1, they want to start shooting?

They would cease to exist as a police force, maybe that would re frame the arguments a little.

Yes, all the armed DC guys are like moths running to a flame. I want my pound of flesh too from the corrupt commie bastards, but heading into one of the most secure, armed, and fortified places on earth seems futile. Go with the intent to "peaceably assemble to petition the government for redress of wrongs." Do not go to DC to be vigilantes, the authorities there have access highly lethal military weapons and explosives.

I don't get what the fuck is going on around here anymore. I think it is very clear that we would be in a much better state if some patriots would have sniped some of the traitors weeks ago and then slipped away.

Instead I see people talking about taking guns across state lines, a felony and then storming the capital building. It's beyond retarded and not only that, it will keep the crowd down in DC, which is what Trump really needs; massive

3/15/2021 lol you idiots are really considering bringing guns to D.C.? That might be the dumbest shit you could possibly ever do. You will be arrested, labelled a d... numbers.

I wish many of you were smarter, we would be a real force to get real change, instead we have people buying into all kinds of LARPs from 4chan and talking about smuggling guns with them into DC.

smarten up pedes, seriously.

I hope that happens.

Honest question, you think these China serving sycophants who stole this election give one little shit how many people stand around the Washington monument doing nothing but milling about waving flags?

They are laughing at people like you, hell they might even let you work in the factory until you die instead of the firing squad.

Peer pressure is a very real thing and a prime example of that is how the left have come to dominate so much. One of the most sad things is how well cancel culture has worked despite the leftists wackos that do it not even being that large in number, they have just never been opposed.

The China serving sycophants will most certainly laugh when patriots get jailed for transporting guns across state line or breaking DC's gun laws.

I think violence is needed but it must be a smart and tactical use of it, not just patriots getting jailed without doing anything or getting shot by police snipers perched on top of the capital building.

This has the potential to go sideways fast. As was easily predicable the moment Trump tweeted the idea. Hopefully cooler heads prevail. but even GEOTUS will have a hard time reining in the passions he unleashed

I'm a big proponent of the second amendment; but taking guns across state lines in a bad idea and taking them to DC is a worse one.

We don't have celebrities and billionaires to pay our bail. Leave the guns of the sixth, be ready to pick them up on the 7th.
